

SUBSTANCE ABUSE CHRISTIAN COUNSELING

Counseling people struggling with addictions is full of complexities and challenges. There are a host of problems that compound the counseling process: chemical, psychological, social, and of course spiritual. We can help our friends struggling with addictions immensely by involving the larger church body in their recovery.

"I appeal to you, brothers and sisters, in the name of our Lord Jesus Christ, that all of you agree with one another in what you say and that there be no divisions among you, but that you be perfectly united in mind and thought." 1 Corinthians 1:10

Christian Counseling is designed as a solution for people seeking traditional substance abuse counseling who would prefer hearing from the perspective of a Christian. If you are seeking an AODA professional who is a practicing Christian, ACS may be a great option for you.
